

**Attn: Ready Logistics Carriers**

The 1D Mobile App version 8.0 was released on August 15<sup>th</sup>.

***It is critical that if you are currently using an older version that the app be updated to prevent potential account restrictions that could ultimately impact your ability to receive and complete loads for payment.***

For those that do not have your apps set to auto-update, please see the links below on how to manually update an app on your device and/or turn on automatic updates.

Android users – <https://support.google.com/googleplay/answer/113412?hl=en>

Apple users – <https://support.apple.com/en-us/HT202180>

**Update v7.0 Notes**

- The 1D app will now prompt users when updates become available. For major version updates (ie a move from 8.0 to 9.0), this prompt must be accepted to continue using the app. For minor updates (ie a move from 8.0.0 to 8.0.1), you will have the option to update later. You will not be prompted for an upgrade, if you do not have internet access when opening the App.

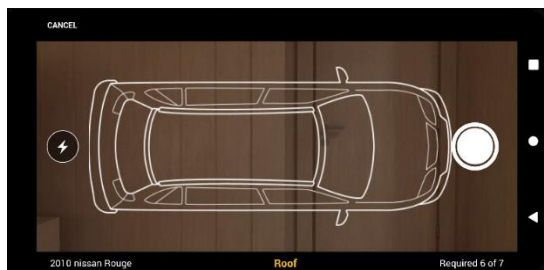

**Major Release Update:**

**Minor Release Update:**

**Update v8.0 Notes**

- Roof photo will be a requirement for the pickup and delivery inspection for new inspections completed on and after 8/15/22. This photo requirement is based on our mutual clients' needs and will help to mitigate potential claims that could occur for roof damage. The required image will mirror the example below.

- Discontinued the ability to fax an eBOL from the app, the eBOL will still be shareable via email.
