Enter your profile details.

You are now in MyLogisticsHub, but to proceed further, please exit this window and access the hub through the link just sent to your email address.

06

Open the second email, from "no-replypowerbi@microsoft.com", (which is automatically sent a few minutes after the first email). On this email hit the **Open This** Dashboard button.

How to activate your **MyLogisticsHub** account

You will be taken back to your MyLogisticsHub page. Select Client Homepage to load your dashboard.

Congratulations! You can now view your transportation activity. For additional training resources on how to navigate within the Business Analytics tool, please visit our Resources page with Videos and Reference Guides at <u>www.readylogistics.com/getready</u>

Please note: The Transport Management module requires additional processing after your profile is activated, you will not be able to access right away. You will receive a third email from 'MSC-noreply@dhl.com' alerting you to Tranport Management activation once your profile is enabled. This typically takes 5-7 business days.
